

## STATE OF MINNESOTA

### INSTRUCTIONS FOR CERTIFICATION AND SIGNATURES ON PLANS, SPECIFICATIONS, REPORTS AND PLATS

The certification and signature on plans, specifications, plats, reports, etc., is mandatory, as provided by Minnesota Statutes, section 326.12, subdivision 3 (2014) and Minnesota Rule 1800.4200 (2013). Refer to the statute and rule for specific certified signature requirements.

The Board has designed a stamp which combines the required certification language and a space for signature. The size of the stamp together with the size of letters and spacing of lines may be varied to suit individual requirements. In lieu of a rubber stamp, the language may be printed directly on your documents then signed. **A round seal is not required.**

The following wording must be incorporated in the certification:
